## No Compulsory Vaccination

The Australian Vaccination Network, Australia's nationwide pro-information and pro-choice vaccination organisation, has established this blog in an effort to fight against any moves within the government, medical community and the general population to enforce any form of compulsory vaccination. This will be a place to distribute information and ideas on this subject.

### Flu is not the Biggest Danger it's the Vaccine

These are challenging times and we need to stay calm and think things through – not just panic and react. Fear, panic and emotional reaction got us into this mess and it is certainly not going to get us out of it.

We also need to realise – here, now – that we have long crossed the line into a fully-fledged fascist dictatorship. It has hidden itself to most people this far, but it is about to lift the veil.

It is no longer an option to do nothing or passively acquiesce to authority out of fear or apathy. Or, at least, it's not if we care about our freedoms and, most importantly, those of our children and grandchildren who will have to live almost their entire lives under a global jackboot of sheer, undiluted evil.

The word 'evil' is much overused and I don't say it lightly; but we are dealing with evil in the sense that the word is the reverse of 'live'. Those behind the conspiracy to cull the human population and turn the rest into little more than computer terminals are anti-life. They have no respect for it and no empathy with those who suffer the consequences of their actions, no matter how appalling.

The reader was then led to the following:

The screenshot shows a web browser window with the URL <http://www.daily.pk/flu-is-not-the-biggest-danger-its-the-vaccine-7471/>. The browser's address bar and navigation buttons are visible. Below the browser window, the article's title "Pakistan Daily: The Pakistan News" is displayed in a large, serif font. The article's date is "July 26, 2009". The main heading is "Flu is not the Biggest Danger it's the Vaccine". Below the heading, the author is identified as "Farooq Hussain, (www.Daily.pk) @ 8:18 am". The article text begins with: "These are challenging times and we need to stay calm and think things through – not just panic and react. Fear, panic and emotional reaction got us into this mess and it is certainly not going to get us out of it." It continues with: "We also need to realise – here, now – that we have long crossed the line into a fully-fledged fascist dictatorship. It has hidden itself to most people this far, but it is about to lift the veil." The next paragraph states: "It is no longer an option to do nothing or passively acquiesce to authority out of fear or apathy. Or, at least, it's not if we care about our freedoms and, most importantly, those of our children and grandchildren who will have to live almost their entire lives under a global jackboot of sheer, undiluted evil." Those behind the conspiracy to cull the human population and turn the rest into little more than computer terminals are anti-life. They have no respect for it and no empathy with those who suffer the consequences of their actions, no matter how appalling." The next paragraph says: "I have been warning of what was coming for nearly 20 years and it is not 'coming' any more – it's here. No more excuses from anyone, please. We have to deal with it. We have to draw a line in the sand and say no more." The final paragraph in the screenshot is: "Never was this more important than with the conspiracy to force swine flu vaccination upon the global population. The swine flu virus was created in a laboratory to generate mass panic with the specific intention of forcing everyone to have the

It was a long article, so I have just extracted the most interesting passages such as:

*“We also need to realise – here, now – that we have long crossed the line into a fully-fledged fascist dictatorship. “*

*“Those behind the conspiracy to cull the human population and turn the rest into little more than computer terminals are anti-life.”*

*“Never was this more important than with the conspiracy to force swine flu vaccination upon the global population. The swine flu virus was created in a laboratory to generate mass panic with the specific intention of forcing everyone to have the vaccine.”*

*“There is evidence that an international corporate criminal syndicate, which has annexed high government office at Federal and State level, is intent on carrying out a mass genocide against the people of the United States by using an artificial (genetic) flu pandemic virus and forced vaccine program to cause mass death and injury and depopulate America in order to transfer control of the United States to the United Nations and affiliated security forces (UN troops from countries such as China, Canada, the UK and Mexico).”*

*“There is proof many organisations – World Health Organisation, UN as well as vaccine companies such as Baxter and Novartis – are part of a single system under the control of a core criminal group, who give the strategic leadership, and who have also funded the development, manufacturing and release of artificial viruses in order to justify mass vaccinations with a bioweapon substance in order to eliminate the people of the USA, and so gain control of the assets, resources etc of North America.”*

*“A cabal of interbreeding families is seeking to impose a global fascist dictatorship of total human control.”*

*“Those on the inner levels of this structure are collectively known as the ‘Illuminati’.”*

*“This is how they coordinate between apparently unconnected governments, corporations, media groups etc. The Rothschild and Rockefeller dynasties (the same bloodline) are fundamentally involved in this, as I have long exposed, and they dominate pharmaceutical medicine and government ‘health’ policy worldwide.”*

*“The web controls governments, the pharmaceutical industry, or ‘Big Pharma’, the World Health Organisation and public health ‘protection’ agencies like the Centers for Disease Control and Prevention in the United States. In short, they control the entire medical system.”*

*“The Illuminati cabal established global bodies like the World Health Organisation, World Bank and World Trade Organisation to transfer power from the many to the few. Their goal is a world government, world central bank, world currency and world army.”*

*“The Illuminati plan for the world includes a mass cull of the population and the microchipping of every man, woman and child. Microchips would allow everyone to be tracked 24/7, but it goes much further than that.”*

*“Computer technology communicating with the chips has the potential to manipulate people mentally, emotionally and physically. This could be done en masse or individually through the chip’s unique transmitter-receiver signal. Killing someone from a distance would be a synch.”* (sic).

The reader of Meryl Dorey’s and the Pakistan News web pages were not told, but the article above was written by David Icke and appears on his webpage.<sup>3</sup>

David Vaughan Icke is a British writer and public speaker who has devoted himself since 1990 to researching "who and what is really controlling the world." He is the author of 20 books.

At the heart of Icke's theories is the view that the world is ruled by a secret group called the "Global Elite" or "Illuminati," which has been linked to *The Protocols of the Elders of Zion*, which many say are proved to be an anti-Semitic hoax although he believes that they are not fictional. In 1999, he published *The Biggest Secret*, in which he wrote that the Illuminati are a race of reptilian humanoids known as the Babylonian Brotherhood, and that many prominent figures are reptilian, including George W. Bush, Queen Elizabeth II, Kris Kristofferson, and Boxcar Willie. These extraterrestrial reptilians are from the constellation Draco. They walk erect and appear to be human, living not only on the planets they come from, but also in caverns and tunnels under the Earth. They have cross-bred with humans, which has created "hybrids" who are "possessed" by the full-blooded reptilians. The reptiles' hybrid reptilian-human DNA allows them to change from reptilian to human form if they consume human blood.

So that’s why Meryl recommends we avoid the swine flu vaccine; it is part of a plot run by the Illuminati and reptilian humanoids to take over the world and exterminate all humans.

It’s time to get your tinfoil hats ready folks.
